Husqvarna®

2012 Pre-Season Order Guide

Plan for Success in 2012!

Contact your TSR for event planning and ideas to drive consumers to your business!

Drive overall sales with these retail events

- [ ] Spring Open House - Draw a crowd with something spectacular!
- [ ] End User Events - Educate your consumers with training such as Husqvarna's ArborMaster program
- [ ] Advertising seasonal tune ups, new products, accessories and promotions
- [ ] Offer Free Lunch and promote commercial products for Landscapers
- [ ] Outside Appeal - Proper signage/banners, outside area clean, parking area, appealing, safe
- [ ] Outside Display of product offering to appeal to drive-by potential customers
- [ ] Organize your showroom, making a clean, inviting space with wide aisles with impulse items such as accessories and packaged parts around the counter
- [ ] Stack out of accessories including branded merchandise
- [ ] Customer of the Month: create a brief write up to submit to the local newspaper about the customer and be sure to give he or she a copy of the article as well as have one framed to hang in the store
- [ ] Create a loyalty program to reward existing customers
- [ ] Trade in program for consumers
- [ ] Trade shows in local area
- [ ] Expand product and customer segments for more market share
- [ ] Target commercial users with an outside sales campaign using your Demo Program
- [ ] Give a speech or volunteer to promote your business trade
- [ ] Promote retail finance offers during key selling times
- [ ] Taking advantage of Government Bid opportunities
- [ ] Sponsoring an Adopt-a-Highway or little league team in your local area
- [ ] Offer your facility to local landscape or tree care associations for their meetings and provide dinner

Tools for 2012

Products & Programs - The Best of Both Worlds

Fleet Program

20% Discount From 2011 Power Price / 10% Rebate to Dealer

Fleet customer qualifies for the Fleet Program by accumulating points from a one time initial purchase. A minimum of 12 points are needed to qualify for the fleet program. If the fleet customer purchases 12 points on the one-time initial purchase, customer will receive the program discount for a period of 12 months effective on the day of purchase. A 20 point one-time purchase receives 24 months of discounts.

See full details at www.husqvarnaretailer.com

Demo Program

The DEMO Program provides our dealer network with a rebate program which allows dealers to get Husqvarna products into the hands of the customer that needs to touch it, feel it, and use the product before they buy it. The goal of this program is to give customers the real-life experience with the product, in their environment and build the long-term relationship with the dealer. This program includes both wheeled goods and handheld units.
The DEMO Program provides rebates on qualifying registered demo units and is also a great way to offer your best commercial customers a loaner unit when theirs is in for service.

Showroom Merchandising

One of the keys to creating a strong relationship with customers is to provide an enjoyable and memorable experience while they are in your store. There are a wide variety of support elements that we have developed exclusively for our dealers to help achieve this experience.

To learn more, visit the Marketing and Store Profiling tabs on www.husqvarnaretailer.com and also www.dealerpop.com for tips and materials to provide a positive experience with your customers.

Commercial PZ Zero Turn Mowers

SHOW YOUR CUSTOMERS "WHY PZ"

Extended durability

Cast iron lift arms and spindles, premium commercial engines, and oversized hydro systems all combine to make a product that will not only be productive, but will stay in the field longer.

High productivity

Deck design developed using CFD (Computational Fluid Dynamics) to optimize air flow for superior cut quality and discharge performance.

Simplified service access

Simplicity of design and execution allows for better utilization of available space, cleaner access, and a service friendly environment.

Ergonomics

A comfortable operator is a productive and happy operator. Careful attention to control placement and operator position and interface, provide an intuitive, enjoyable experience.

- Rubber isolators reduce vibration transmission to operator
- Angled steering levers offer more comfortable hand placement
- Rugged front casters feature flat free tires, tapered roller bearings and flush mount bearing caps
- High performance Kubota Diesel, Kawasaki FX series, and Kohler Command engine options
- High-performance pump and motor or integrated drive system
- 7-Gauge fabricated deck with a rolled front edge, 1.5" x 0.5" front and side reinforcement and heavy-duty, double-support scalp rollers
- New optional ROPS mounted headlight kit available (576 80 90-01)
- EPA compliant for 2012 / CARB models available

2012 Articulated Riding Mowers

INNOVATION

Rear wheels swing underneath the machine for superior maneuverability with a minimum turning radius.

PERFORMANCE

Excellent accessibility into corners and under bushes, park benches etc.

CONVENIENT

Flip-up service position on the cutting deck makes cleaning and service easy.

NEW articulated riding mowers

Articulated steering lets you maneuver easily around trees, flower beds, and other obstacles. Lower the floating deck into the cutting position and the blades engage automatically, producing a superior quality of cut. The low center of gravity, comfortable seat and the ergonomic positioning of the controls make mowing a great experience. The R322T AWD comes with all wheel drive for optimal performance and a Quick EquipFrame for easy attachment changes.

Residential Zero-Turn Mowers

MZ Series

Ultimate performance and comfort for large property owners

Air Induction Mowing Technology

Air is drawn from the top and bottom of the deck, improving grass lift and delivering a superior cut. (Only on MZ5424S)

Pedal-assisted cutting deck lift

Ergonomically designed deck lifting system offers precise cutting height adjustment. Easy and quick adjustment from the operator's seat.

- Large 22"-23" rear tires for a more comfortable ride
- Mega-sized welded steel frame
- Commercial rated hydraulic drive systems
- Ergonomic steering levers and high back seat with armrest
- Easy tracking adjustment knob - accessible from seated position
- Simple foot operated deck lift
- Fabricated 11-gauge steel deck with secondary 11 gauge steel spindle support and 3/8" x 1" protector strip
- 54" stamped deck version
- Mulch and blower assisted collection capable
- Optional Roll Over Protection kit available

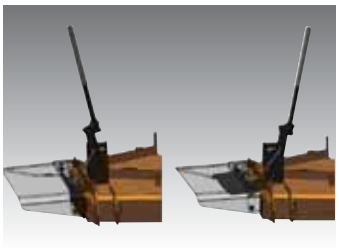
Commercial & Consumer Accessories

Commercial & Consumer Triple Bag Collection System

The high performance triple bag collection system (9 bushel capacity on P-ZT models / 13 bushel capacity on PZ models) features a simplified latch system and pivoting lower frame for quick removal.

Light Kits

ROPS mounted light kit features twin 35W halogen lights with simple clamp on installation. Harness plugs into existing accessory plug on PZ and P-ZT models for convenient function from the ignition key switch.



OCDC (Operator Controlled Discharge Chute)

A simple pull of the lever temporarily closes off the cutting deck's discharge opening when mowing along sidewalks, roads, flower beds etc. ensuring added efficiency and property protection while mowing.

(PZ 54" and 60" only)

Commercial & Consumer Mulch Kit

Easy to install mulch kits available.

PZ Series Blower

The new blower system was designed specifically for the new PZ deck utilizing CFD technology. The center draw design increases performance while the dual belt drive system extends durability.

* = The power rating of the engines indicated is the average net power output (at specified RPM) of a typical production engine for the engine model measured to SAE standard J1349/ISO1585. PHDC500	505 56 88-15	$239.95

Oversized attachment

Deluxe Sun Shade

- 38-inches high from the tractor seat giving ample head room.
- Lightweight and assembles easily to most tractors in less than 20 minutes.

Fits	Part Number	2011 Power Price
2007 & After Models	531 30 83-22	$129.95

Tractor Accessories *(continued)*

Broadcast Spreaders

Perfect for fertilizing, seeding, or applying granular herbicides

Model	Description	Part Number	2011 Power Price
BS85T	85 Lb. Tow	531 30 83-26	$91.95
BS130T	130 Lb. Tow	966 67 43-01	$254.95

Oversized attachment

Ground Maintenance Attachments

Core Aerator - Alleviate soil compaction to allow air, water, and nutrients to reach grass roots

Front Mount Dethatcher - Lifts and removes dead roots and grass clippings

Attachment	Part Number	2011 Power Price
FM Dethatcher	531 30 83-24	$179.95

Oversized attachment

Dozer Blade

- Dozer blade capable of dozing dirt, rock, or sand
- 16" blade height (vs. 12" on snow blade)
- Welded reinforcement brace across back of blade head

Part Number	2011 Power Price
505 56 88-05	$452.95

Oversized attachment

Front Scoop

Easily hauls loose dirt, mulch, or rock for small or large yard jobs. Great for spreading sand, moving heavy rocks, or moving bags of potting soil for bedding plants.

Part Number	2011 Power Price
531 30 71-68	$529.95

Oversized attachment

Ground Engaging Attachments

Disc Cultivator - Ideal for breaking up dirt clods and tilling soil for seedbed preparation and fertilizer incorporation

Row Crop Cultivator - Break up and crumble soil for seed bed preparation

Box Scraper - Level, move, or grade dirt, rock, gravel, or snow

Cultivator	Part Number	2011 Power Price
Disc	505 56 88-09	$289.95
Box Scraper	505 56 88-08	$249.95

Oversized attachment

Professional Push Spreaders

- All-year-round applications including fertilizing in the spring, overseeding this fall, or ice melt this winter.

All torque power values are as rated by the engine manufacturer. 2 year limited consumer warranty.
Pricing effective September 1, 2011. Specifications and pricing subject to change.

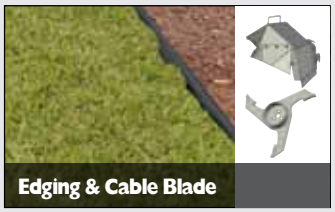
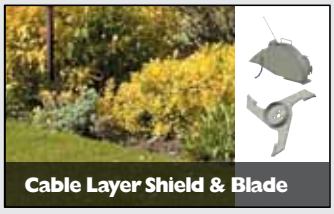
Standard Shaper Blade: *Unique blade and shield designs create a clean, defined edge that slopes into the landscape bed to confine mulch or other landscape material.*



Optional Cable Layer Blade: *Creates a 3/4" x 4" deep trench for simplified plastic and metal edge or low voltage cable installation. The unique design shield effectively directs dirt to the side, leaving a clean trench.* ***# 539 10 98-77***



Optional Blade & Shield: *For the installation of pet fencing wire, low voltage landscape wire or Automower™ perimeter wire. Also creates a trench, lays the cable and backfills in one simple operation.* ***# 510 42 35-01***

Optional Paver Blade: *Creates a flat 4" wide by 2" deep foundation for the installation of landscape paver bricks or landscape ties.*
 # 539 13 07-08

Bed Edger

Makes Light Work of Tough Landscape Projects

SPECIFICATIONS	BE550
Engine	Honda GX160
Power, hp*	4.8
Cutting Depth, in.	2 – 4
Wheels	12" Pneumatic
Part Number	966 99 73-01
2011 Power Price	$2,779.95

- Fully adjustable handle for comfortable working height, folds for easy transport and storage. Handle mounted release lever quickly and easily adjusts between transport and operating position
- Cutting depth is adjustable from 2" - 4"
- Smooth tires offer stability, minimize turf damage, and provide for easy clean-up
- Unlock the rear wheels for full steering to create unique, curved bed shapes or lock the rear wheels to ensure a straight edge every time
- 4.8 hp* Honda GX engine with a heavy-duty chain drive centrifugal clutch
- Tungsten carbide tipped cutting blades for extended blade life

SG13 Stump Grinder

SPECIFICATIONS	SG13
Engine	Honda GX 390

Husqvarna Trimmers

Reliable trimmers that combine low weight with high performance.

- A complete range of high-performance commercial trimmers to meet any landscaping or contractor needs.
- Effective vibration dampening (LowVib®) and comfort handle make for more comfortable working conditions.
- Auto Return Stop Switch automatically resets to the ON position for trouble-free starting.
- Smart Start® allows for simple starting in all situations. Resistance in the starter cord is reduced by up to 40%.

E-TECH® engine combines reduced exhaust emissions with a superior power/weight ratio without compromising power.

X-TORQ® engine technology gives extra torque, up to 20% less fuel consumption, and up to 60% lower exhaust emissions.

Husqvarna Marketing Support

Advertising

Whether you're looking for print advertising, or prefer a more dynamic approach to supporting how you reach your customers, Husqvarna is here to help. From print ads supporting a range of products, to our new national television commercial you can find what you need.

In 2012 we will introduce a new commercial for the Taming the Wild advertising campaign. The 2012 ads will feature products in use and drive on-line support.

ESPN · CNN · diy network · Discovery Channel · TBS Superstation · CNN Headline News · The Weather Channel · FOX News · CNBC · The History Channel

Trade Ads

National ads promoting Husqvarna products in trade publications get the interest of professional users. The more they know of our durable, professional equipment and the great programs and financing available, the more traffic coming to your store to check out the full line of Husqvarna products. With Fleet and Demo programs, you have the support to make a loyal customer.

Promotions

Strong incentives attract attention and drive sales. Husqvarna is committed to developing promotions for Professionals and Homeowners and will continue to build upon our success into 2012. Support materials for these promotions will continue to be developed that will help you capture consumer attention.

Honda Walk Consumer Promotion Support Materials

New On-Line Tools

Husqvarna Marketing prides itself on providing our dealers with the tools that are essential to a successful dealership.

Visit **www.dealerpop.com** to see our new POP website offering in-store "Print on Demand" point-of-purchase materials. Simply select the materials that you feel best represent and benefit your dealership and local market, add them to your cart and receive high quality, printed materials.

On **husqvarnaretailer.com** you will find additional resources necessary to keep your business growing. Take advantage of current pricing lists, our image library, product price tags and our up-to-date financing plans.

Husqvarna Marketing Support

On-Line Product Reviews

Research tells us that consumers value other consumers opinions and they have an impact on the buying decision. Husqvarna has introduced Product Ratings and Reviews on our website. Customers can now view and submit reviews of Husqvarna product for a chance to win FREE Husqvarna products.

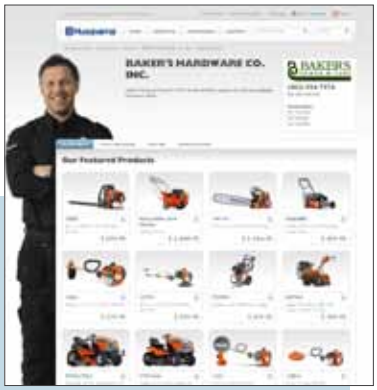
Husqvarna.com

Increase visibility of your business by activating your Husqvarna dealer page.

What's new? Not only do these new pages look better, but they also provide some new opportunities for dealers to drive revenue, including:

- **Dealer Locator**
  Consumers visit your dealer page from the Husqvarna dealer locator.
- **In-store pickup**
  Consumers can reserve Husqvarna products from the dealer page.
- **Dealer-managed inventory**
  Dealers can now manage the products displayed on their dealer page.
- **Search engine optimization (SEO)**
  Dealer pages are highlighted on other Husqvarna web sites (chainsaw.com, zero-turn.com, etc.) plus partner sites (arbormaster.com).
- **Rental / used products**
  Dealers may now advertise rental and used products to their dealer pages by uploading photos, price and other information.

To learn more or to **activate your dealer page** and/or in-store pickup, go to HusqvarnaRetailer.com and click on "Activate Dealer Page" under QuickLinks.



Dealer Landing Pages
Husqvarna is providing dealers with **FREE** landing pages. These pages will improve the on-line consumer experience and keep consumers connected with you, our dealers.

On-Line Dealer Locator

Our Dealer Locator has been improved to make it easier for your customers locate your business.

- "Featured Dealers" - ranked by bracket or sales volume
- Quick-view Dealer Details

How-To Videos
